

Beginning April 1, 2018, you will see a \$5 increase to our Standard, Premium or Premium Plus internet packages. At the same time, the ISP Recovery Fee of \$1.62 will be going away, making the increase you see to your overall bill, only \$3.38.

In addition to this small increase in price, you will also get an INCREASE IN SPEED!!! We are happy to announce the following speed increases:

Package	Current Speed	Current Price	Speed April 1	Price April 1	Change
Basic	2/.384	\$31.95	2/.384	\$31.95	No Change
Standard	8/1	\$49.95	10/1	\$54.95	↑2 download
Premium	14/1	\$59.95	15/1	\$64.95	↑1 download
Premium 2	14/2	\$99.00	15/2	\$64.95	↑1 download
Premium Plus	20/1	\$69.95	20/2	\$74.95	↑1 upload
Premium Plus 2	20/2	\$129.00	20/2	\$74.95	No Change

Since we began offering DSL to our subscribers in 2004, our DSL package prices have remained the same, even when increasing speed throughout the years. While we know any increase of cost can be upsetting, it is also necessary to continue providing top rate service. Haviland Telephone Company works very hard to provide you with the best service possible in our remote areas. We are thrilled to be able to offer these increased speeds and excited for the future of the industry.

Also in April...

We are excited to announce new VDSL speeds coming this April. These new speeds will be available IN TOWN within a limited range (typically within a 1-mile radius of our central offices). Phone service is required.

Call one of our offices for more information, or to see if these speeds are available at your location.

NEW Speed	Price
25/5	\$89.95
50/10	\$99.95
